

## *Fairland Trampoline and Tumbling*

### New Team Member

---

Congratulations and welcome to the Fairland Trampoline and Tumbling Team! Whether your child is a seasoned athlete or a first time competitor we are excited to have you as a part of the Fairland Trampoline and Tumbling Team!

Our main form of communication is by the team website ([www.fairlandtrampoline.com](http://www.fairlandtrampoline.com)) and a closed yahoo email group. Check the website for all kinds of information: practice schedules, meet schedules, meet results, news, photos, and more! Contact Konstantin, Fairland Trampoline and Tumbling Head Coach and Program director for current contact information for the yahoo group.

By having a child as a member of the Fairland Trampoline and Tumbling Team, you, the parent(s) / legal guardian(s), are members of the Fairland Trampoline and Tumbling Booster Club (FTTBC). The booster club is a 501 c(3) non-profit organization which directly supports the trampoline and tumbling (T&T) team. FTTBC covers expenses for annual team banquet, items specifically for team use (air time system, computers/monitors for execution of competitions, special equipment for team use iPad, etc. FTTBC covers all coaching related expenses – travel, per diem, incidentals, etc.

The FTTBC holds 2 meetings annually: one in September and one in January. A new members' meeting will also be held in September in addition to the general membership meeting, for anyone who is new to the team (whether experienced or new) to help explain team practices and policies in further detail. The general membership meeting in September serves as a season kick-off meeting. Whereas the January meeting primarily covers the Fairland Classic, which is hosted by the FTTBC and is the largest trampoline and tumbling competition on the east coast. The Fairland Classic is the ONLY fundraiser for the FTTBC. Parent/guardian attendance at these two meetings and participation in the running of the Fairland Classic are mandatory as members of the Fairland Trampoline and Tumbling Team / FTTBC.

We are excited to have you join our team. Congratulations and welcome!
